

# Children's Health Information Red Pack C.H.I.R.P.

***Parents and EMS providers working together to provide the best possible emergency care for the child with special healthcare needs***

If you must call 911 for your child with special healthcare needs, do you want your child's up-to-date medical information readily available to Emergency Medical Services (EMS) responders? If your answer is YES, the CHIRP program is for you!

## **To Enroll...**
